

# Vision Affirmation Workshop

## Uniting Your Members in Mission

Does your ministry plan need “dusting off”? Do you need to reenergize your congregation to move forward with making your God-given vision a reality? If so, your congregation will benefit from our “Vision Affirmation Workshop.”

### What Is a Vision Affirmation Workshop?

The Vision Affirmation Workshop is an **eight-hour process** for . . .

- ◆ The leadership in large congregations.
- ◆ The entire membership in smaller congregations.

. . . that helps bring **clarity, focus, ownership, and unity** around your vision for ministry. It is NOT a strategic ministry planning process, but rather a process of reviewing and affirming the link between your established ministry plan and your project.

### What's Involved in a Vision Affirmation Workshop?

Led by a Capital Funding Services consultant, the workshop offers **opportunity to review the internal, external and eternal influences driving your project**. It is, in effect, a process of “making your case” for support.

Your congregation’s unique needs and situation determine which driving influences are reviewed and examined.

**A Vision Affirmation Workshop typically includes an analysis of:**

- ◆ Your church’s purpose and mission.
- ◆ The Scriptural foundation.

- ◆ Your membership composition
- ◆ Your community makeup and needs.
- ◆ Your ministries and their effectiveness.
- ◆ Your ministry opportunities.
- ◆ A history of your case planning.
- ◆ Your case for support and its purpose and worth for ministry.
- ◆ Your master plan.
- ◆ Financial considerations.

**Your Capital Funding Services consultant will facilitate the workshop and provide:**

- ◆ Training for a volunteer task force.
- ◆ Publicity samples and suggestions.
- ◆ Registration suggestions.
- ◆ Arrangements supervision.
- ◆ Workshop materials.

### Affirming the Vision

Benefits for your people include:

- ◆ Renewed connection between ministry & your project.
- ◆ Greater ownership of the ministry.
- ◆ Greater awareness of the state and needs of the church.
- ◆ Greater sense of unity.
- ◆ Greater readiness for a capital stewardship emphasis! ■
